Towel Folder with 3 Sorting Stackers

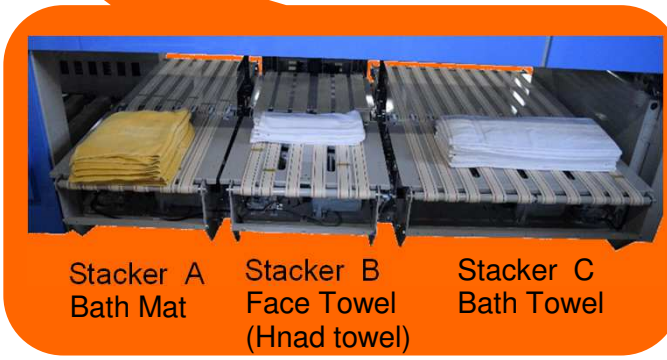

**TOTO FOLDER MANUFACTURING CO., LTD.**

# Multi function Towel Folder with 3 sorting Stackers

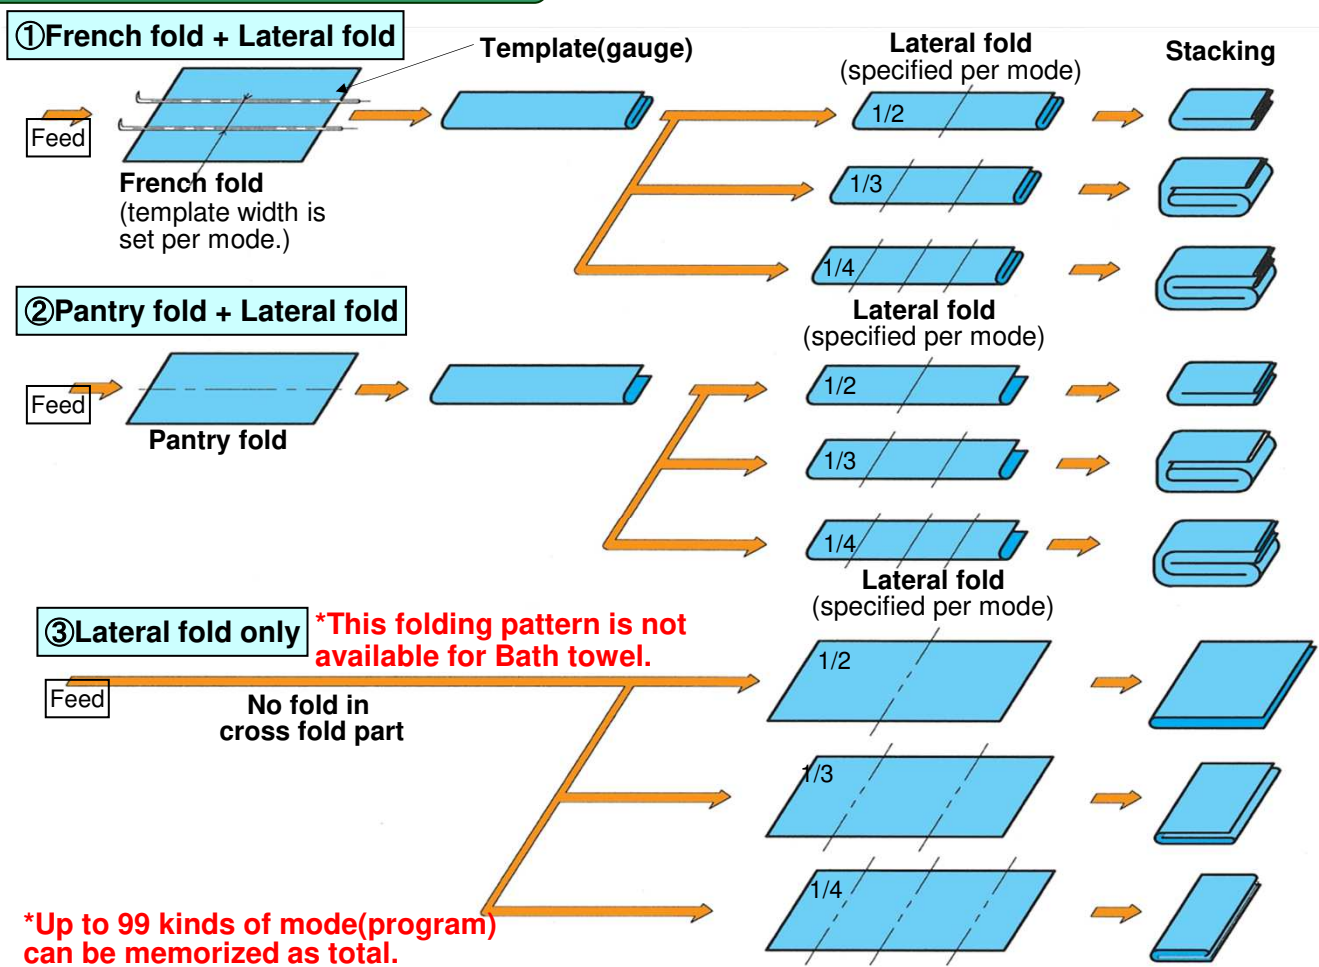

Pre-sorting for Face towel ,Bath towel and Bath mat is not needed.

When feeding towel, towel size(face towel , bath towel and bath mat) is recognized automatically. Folding is made according to each parameters for face towel, bath towel and bath mat. After folding, each towels are stacked with sorting by type of towel.

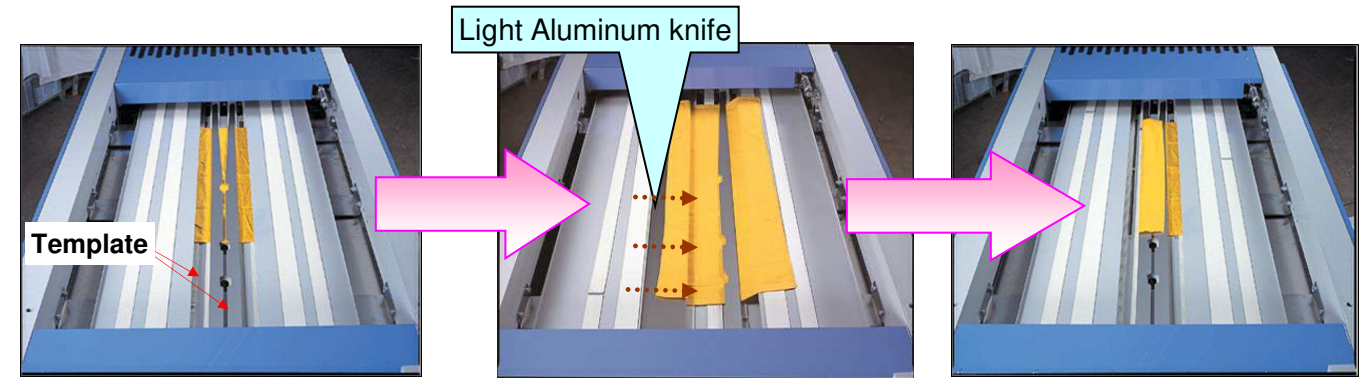

## Folding specifications

\*Up to 99 kinds of mode(program) can be memorized as total.

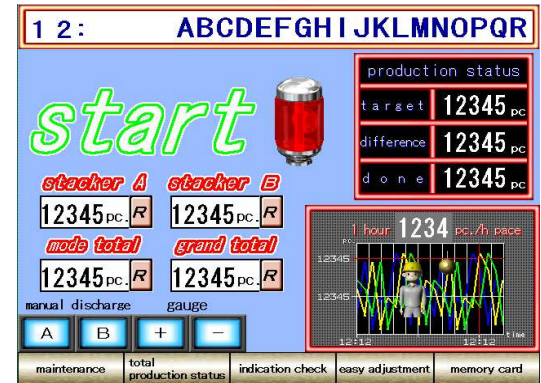

## Features of French fold

By using rigid stainless steel template(gauge) for French fold, beautiful French fold is obtainable. In addition, by adapting servo motor for controlling template width, template width can be specified accurately, immediately after sensing the article width.

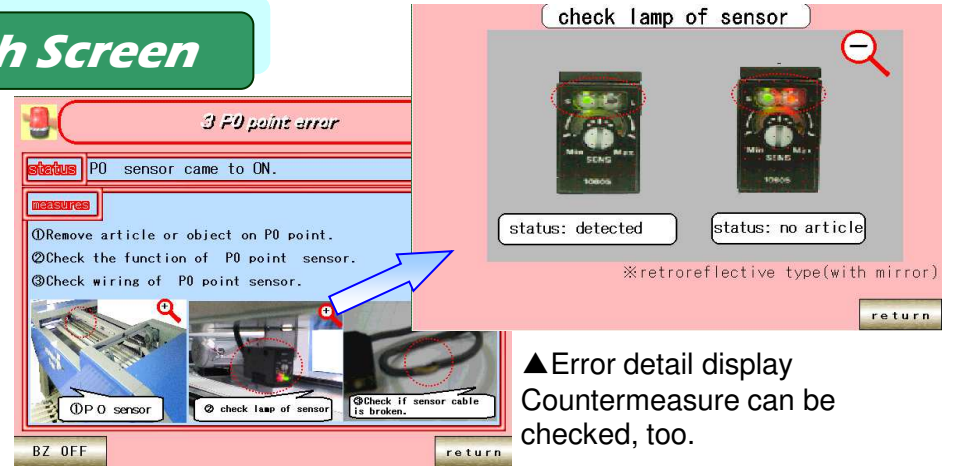

For large and thick towel, folding by Aluminum knife is suitable. For small and hard towel, folding by Aluminum knife and air blow is more suitable. Thus, in accordance with characteristics of towel, accurate and suitable folding is obtainable.

## 8 inch coloured touch Screen

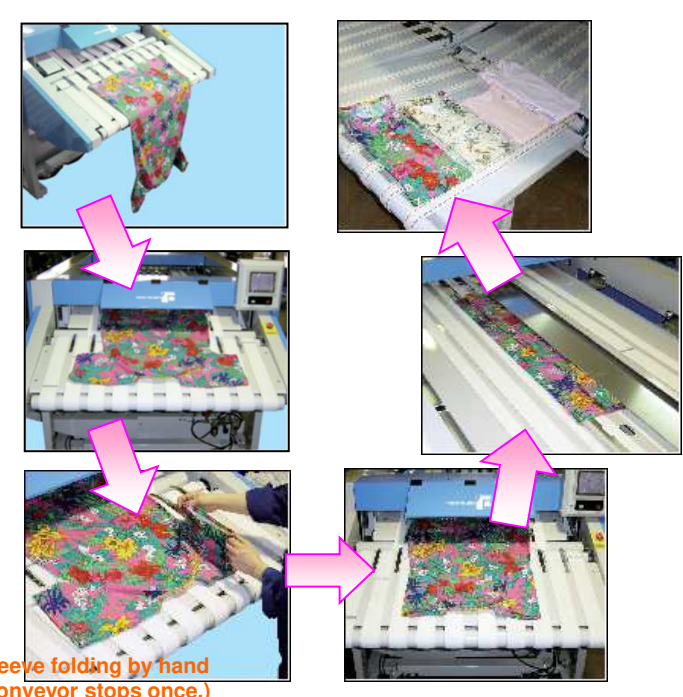

▲Operation display
